**RULINGS FROM MOTION HEARING:**

Plaintiff's Letter MOTION to Compel [16] is denied at this time without prejudice to review following the settlement conference. Plaintiff's Request for a pre-motion conference on an intended Motion to Strike Affirmative Defenses [13] is denied without prejudice. Parties will attempt to agree on an amended answer that addresses Plaintiff's concerns. If the parties cannot agree, the pre-motion conference request can be renewed. If the parties wish to convert the June 14 settlement conference from in-person to Zoom, they shall file a letter request to that effect at least one week prior to the conference.
